Follow our step-by-step instruction to create this useful diagram. The PowerPoint thermometer you'll learn is: Isn't it eye-catching? What we'll be is, because it's data-driven, you can easily reuse it. To reuse, all you need to change the fill levels is – right-click the picture -> Edit Data -> Enter relevant values on the worksheet. Cool, right? Let's learn to draw this elegant diagram template in simple steps: Step 1: Draw a simple column chart Insert -> Chart -> Clustered column (first option). Make sure you have selected only one set of values and remove the rest of the columns on the worksheet. You'll get a column chart that looks like this: Step 2: Remove all unnecessary elements We only need columns in the chart. That way, you can click and delete all other irrelevant elements in the chart: right-click the columns and add data labels. The result will be as follows: Related: Formatting tips for a line chart in PowerPoint Step 3: Remove gridlines Click the chart. Go to Layouts -> Gridlines -> Primary Horizontal Gridlines -> None. This will remove all gridlines. Change the column color to suit your needs. You can make columns more attractive by selecting the columns ->Shape effects -> Presets -> 2 Your PowerPoint thermometer chart should look like this: You might enjoy;5 Tips for a better data presentation Step 4: Let the forefront of a thermometer draw rolled-up rectangles around each column. Adjust the yellow handle in the upper corner for maximum curvature: Add a circle at the bottom of the columns and a fill color to match the color of the columns. Related: Get inspired by And diagrams step 5: Providing the last touches you can do it by adding the yin to the round bulb. Draw a vertical rectangular stripe, fill it with white, and adjust the serenity to mimic the vertical bite of the glass. Add a gray rectangle to the bottom of the slide and Send it back. Select the bulbs and add a reflection. The end result will be as follows: Once you learn to draw this diagram, you can create your own variations based on your imagination.
